

Lewisham Archives Catalogue 1981 – 1988

This catalogue was created by the Local History and Archives Centre [LHAC] staff and is a catalogue of the Archives material held at the Local History and Archives Centre. It is an incomplete list of the catalogue, which is being added to constantly, this document will change as new material is created, so please check back to see new additions. For additional listing about 25% more of the catalogue [which will be added to this document in the future] see the A2A website at www.a2a.org.uk. To search the catalogue use the search function in the PDF viewer.

Please note this list is of archival material, and access to this material is different from Local History Library material. This is because the items are unique and need to be preserved. If you require access to this material please contact the LHAC and arrange an appointment, quoting the reference numbers of the items you require. We cannot produce whole collections or large amounts of material without prior appointment. Only a member of the Archives staff can produce archives; please check the availability of this material and that a member of Archives staff is available before visiting. On some late nights, staff breaks, lunchtimes and Saturday it may not be possible to produce archival material because no Archives staff are available, so contact LHAC before visiting.

Unfit for Production

If an item is marked 'Unfit for Production' this means it is fragile or damaged and it cannot be produced. But LHAC staff may be able to access the document and extract the information, or a copy of the document may exist. Please contact LHAC and see how we can help you access the material. This may not be possible if the material is very badly damaged and no copy exists.

Restricted access

Some collections are marked '*restricted access; contact the LHAC*'. These are collections that are not fully listed. We will try and provide access, but extra security measures will apply and they may require time to prepare. Time is needed to assess and make the material available and a member of Archives staff will advise you as to time this will take. Large collections may be too large to produce but a member of staff may be able to check the material for you and provide information. These listed items are to help you find useful information and are prioritised for full cataloguing by LHAC staff but this is an ongoing process.

These items cannot be produced without prior appointment and require notice for staff to check the material. Contact the LHAC before visiting.

Please note:

For access to archival material contact the LHAC BEFORE visiting.

Lewisham Local History and Archives Centre
Lewisham Library, 199-201 Lewisham High Street, London SE13 6LG

The following items were transferred from Ex Deptford Collection

Introduction

The London and Greenwich Railway first opened 8 February 1836; it ran from Spa Road to Deptford and was the first railway in London. The Spa Road platform has since been demolished but Deptford still remains as the oldest station in London. The extension to London Bridge opened 14 December 1836 and after a struggle to cross the river Ravensbourne the extension to Greenwich opened 12 April 1840.

Introduction

This collection contains 5 title deeds of properties including Loam Pit Hill House and Brockley Estate of Robert Kersey

Robert Kersey [1818 – 1904] lived at Hurst Lodge, Lee, which had been built in 1837. Robert was a successful financier and industrialist. Was born in Deptford and married his wife Caroline Charlotte Osborn at St George's, Southwark. The first mention of Robert in the archives is a lease for Albion Cottage, Deptford High Street [A/87/11/1/9] in which he is referred to as Junior [his parents were Robert and Mary] and his occupation is boot and shoemaker. He lived at Kingswood Lodge, Lewisham Road Greenwich 1861-75. In 1875 he sold 156 Deptford High Street. By 1881 he was living at Hurst Lodge. In 1883 he leased numbers 1 and 3 Horsted Road, Brockley.

A/86/8 Gaumont Palace, Lewisham: Programme

Lewisham Local History and Archives Centre
Lewisham Library, 199-201 Lewisham High Street, London SE13 6LG

The following item were received from Mrs Davies.

Introduction

The Gaumont opened in Lewisham High Street in 1932. The cinema was typical of the opulent large cinemas opening at the time, though the Gaumont far outclassed many of those. It was badly damaged in a fire in 1962 and later became the Odeon. The Gaumont Palace cinema dominated the junction of Loampit Vale with Lewisham High Street from 1932 to 1991. In 1991 after years of neglect it was demolished when the main road was altered.
